WONDER CAMP FUN

Weekly Camp Themes

Who's got spirit? Our wonderful, sometimes wacky, weekly camp themes are sure to engage each child and bring a new level of excitement and anticipation to camp. Each week is at the discretion of the camp director. Check with your local Y to verify which theme will apply to the Wonder Camp week of your choice.

Whimsical World

Do you like your eggs green and socks clean? Do you speak for the trees or oh, go places with ease? Go on a camp adventure with us participating in different whimsical activities each day! Start your summer off with a bang with exciting games, crafts, STEAM activities, and a big event on Friday that would knock the socks off a fox!

Secret Agent Training

Break out your night vision goggles and zero in on this top secret week of camp. Campers will deploy on a critical mission with their fellow agent campers, supporting one another as they push their limits. These action heroes will be trainees in spy stealth, learning to decode top secret devices, and working as a team to complete the final big event mission! This message will self-destruct in 5, 4, 3, 2, 1...

Operation Green

Take a big whiff of fresh air. Now, listen to the birds chirping and feel the sun shining. This week we are going green to ensure that campers in 100 years can have the same outdoor experiences. Going Green is one way we protect the safety of our planet and in order to help, campers will plant trees, learn ways to keep our planet healthy, and participate in the Great Recycle Challenge of 2019.

Hydration Vacation

"Water" you doing?! Pull out the towels, swim suits, and goggles because we are ready to get soaked! This week campers will experience buckets of fun in their YMCA backyard. Get ready to cool off in your favorite splash zone, dunk their favorite counselors, take a dip in the polar pond, and so much more! Slip n' slide on into this week where no one is getting out dry!

Color War Spirit

We love camp, yes we do. We love camp, how about you? Will you be red, yellow, blue, or green? Join us for a week of fun competition where the way to win is to show your camp spirit! Different age groups will participate in all types of challenges to win coveted camp spirit awards! Break out the crazy socks, funky hair, camp songs, chants, and team colors because we are looking for the campers with the most spirit!

YMCA OF GREATER HOUSTON
ymcahouston.org

YMCA Mission: To put Judeo-Christian principles into practice through programs that build healthy spirit, mind and body for all. Everyone is Welcome.

You Can Be It

What are you going to be when you grow up? You could fight fires, use science to cure diseases, build giant buildings, create hit songs, or something else incredible. This week at camp we will provide one of a kind games, activities, and programs to learn about cool careers. We will even have visits from some friends with cool jobs in our own community! If you don't know what you want to be, come join us to try a few jobs on for size.

International Adventure

Do you ever wonder what's for dinner in Spain? What kind of sports are popular in Japan? How would we celebrate a birthday in Brazil? This week of camp will take campers around the world to learn about and experience many different cultures, traditions, and lifestyles. No need for a passport since we are bringing the rest of the world to camp! Don't fret, our end of the week big event will take us around the world but won't leave you with jet lag.

Day Camp's Excellent Adventure

Do you have a time machine? No worries, you can use ours and take a trip with us backward AND forward in time! Just think togas, t-rex, tie dye, teleportation, and everything in between. This week will surely provide amazing time travel experiences and hopefully we will make it back to present day to share our story in a big event.

Out of this World

Is the moon really made of cheese? Are aliens really green? There's only one way to find out and this week at camp we will do just that. Strap into your rocket and head for the stars as we explore the great unknown through out of this world activities. There will be no need to phone home with the amount of fun to be had this week at camp. Will someone let Houston know: We do not have a problem, camp is supposed to be this fun.

Campers vs. Wild

What would you do if you were stuck in the wild? Would you know how to build a shelter? What about where get food and water? This week at camp go on an adventure to learn some fun survival type skills through games, activities, crafts, and interactive learning. These are skills we hope you'll never need and memories you'll never forget! Disclaimer: Campers may gain knowledge on how to make and eat the perfect s'more.

Under the Sea

Feeling the need for a good dose of Vitamin "sea"? Well, grab your snorkel and flippers because this week of camp is going twenty-thousand leagues under the sea! Go on an adventure to find the sunken treasure or high five an octopus. Hold your breath and clear your ears, this week we swim among the fishes for a whale of a good time! Even if you don't like to swim or the ocean has made you salty, there's no pier-pressure to get in and tons to do out of the water!

The Grand Finale

Someone once said "all good things must come to an end". That may be true, but let's not throw in the towel just yet. This camp farewell week will provide some of the greatest challenges of all time for our campers. With games and activities for all ages and interests, each camper will be challenged to the max!! Campers will team up with their camp houses, facing various obstacle courses, team building, sports challenges, trivia, and the biggest of big events all inching towards the championship. Will you win summer 2019?
